

Fourth Grade Flier

Mrs. Ellis – ellis@usd459.k12.ks.us -- (620) 826-3241

Compiled by the 4th Grade Class

Issue #5, November 18, 2011

The Power in 7 Hours:

THIS is what we do during our school day!

Math – Multiplying 0,1,2,5,9,10,11 and 12; squaring numbers and finding square roots, finding area and perimeter, naming fractions, identifying different angles, using a larger minus smaller formula, subtracting with regrouping

Reading – Reading The Invention of Hugo Cabret, making predictions and inferences

English – Classifying sentences with prepositional phrases and predicate words in the complete subject

Social Studies – Studying the northeast region of the United States, reading about the Iroquois Confederacy

Science – Chromatography

Art – Drawing pictures out of our cursive initials

Character Education with Ms. Sherman – Talking about respect

Coming Soon...

November 23-25 – Thanksgiving Break

Current Read Aloud:

Who Stole Grandma's Million-Dollar Pumpkin Pie? By Martha Freeman

Update:

We are practicing our music for the Christmas Program.

Special Request:

Please save the boxes that Capri Sun pouches come in and send them to school for a class project. We need a lot of them. You can start sending them next week if you have them.

Happy Thanksgiving!
