D: Develop positive attitudes
E: Be an Encourager
U: Undertake Responsibility
C: Courageous
E: Enthusiastic
S: Show respect

Assignment format:

Top right hand side of paper:

Name and number

Date

Assignment

The math problems are to be copied onto your paper, your work is to be shown, and the answer is to be circled. Skip lines between problems. Handwriting must be neat and legible.

Completed assignments are due the beginning of the hour the following day, unless notified differently when the assignment was made.

The school guideline for make up work for an excused absence that is not a school related activity will be the number of days absent from school plus one day to complete the missed assignments or tests.

If school is missed due to a school activity, the teacher must be notified beforehand and the completed assignment turned in before attending the school activity.

Grading: There will be two graded categories in each subject area: Daily Work and Tests. These are translated into percentages on the Power School System. Daily work is typically 5-10 points and tests are 100 points. The grades are not weighted otherwise.

A 90-100%
B 80-89%
C 70-79%
D 60-69%
F 0-59%
